Caibidil: Volume 3 - Zoning
maps

Re proposed re-zoning of the site and grounds of St. John Vianney church Ardlea Road Artane.

We wish to object to the above proposed re-zoning. In addition to the church, the grounds also include the priests' house, parish hall, parish office and coffee dock. These facilities are widely used by parishioners and the broader Artane community. Groups like the Maryfield Ladies Club, the Active Age Group provide social activities such as indoor bowling, bingo, whist, keep fit classes and other social activities.

Now that the COVID restrictions are easing, the activities are starting up again. The loss of the facilities would have a serious impact on the social life of the area. For this reason we believe the proposed re-zoning should not take place.

Yours sincerely
